General Specifications

- Can be combined with carbon monoxide (CO) monitoring and other safeguards to help
- Constructed of heavy gauge steel
- Portable (excluding wall mount option)
- Filter supported by three legs (excluding wall mount option)
- Includes filter cartridge
- Optional Handle kit available
- Available with choice of 9 different, 1/4" quick disconnect coupler
  - Industrial Interchange (Hansen Compatible) in steel, brass or stainless steel
  - Snap-Tite in steel, brass or stainless steel
  - Schrader
  - CEJN
  - Bayonet
- European adapter kit available

*At maximum recommended pressure of 100 psig (6.9 bar)

Filtration

- Designed to help trap and remove most of the following:
  - Oil and oil mist;
  - Particulate matter larger than 1/2 micrometer;
  - Odors and organic vapors; and
  - Excessive moisture

- 7-Stage Filtration System:
  - Water is removed by condensation against the cylinder wall
  - Carded cotton removes particulates
  - Active Alumina absorbs oil and moisture
  - Activated charcoal removes odors and moisture
  - Felt material removes particulates
  - Carded cotton removes particulates
  - Respiratory felt acts as a final filter before air is transferred to work or air driven tools.

Warranty

- 1 year limited manufacturer warranty for original purchaser from date of purchase
