

Breathing Air Supply Hose

Bullard offers a variety of hoses and fittings to deliver breathable air to workers from a clean air source.

V5 Series

Coiled hose is ideal for working at varying distances from a fixed air outlet. It is easily stretched and retracts immediately when released. Its self-storage principle ensures that the hose is kept off the floor and out of the way of the operator, improving both safety and cleanliness.

V10 Series

Bullard V10 Series hose is intended for use with compressed air and has an inside diameter of 3/8". Constructed of strong, yet flexible, EPDM rubber reinforced to prevent crushing or kinking, V10 Series hose is available in 25-, 50- and 100-foot sections configurable up to 300 feet in total length.

V20 Series

Bullard V20 Series hose is intended for use with Bullard Free-Air® Pumps and has an inside diameter of 1/2". Constructed of strong yet flexible EPDM rubber reinforced to prevent crushing or kinking, V20 Series hose is available in 25-, 50- and 100-foot sections configurable up to 300 feet in total length.

Breathing Air Supply Hose

Fittings

Bullard offers five different types of fittings to ensure breathing air supply fittings are incompatible with fittings for non-breathing air gases such as nitrogen, natural gas, and argon.

Supplied Air Fitting Guide

The couplings pictured are the most popular styles used on airline respirators.

Industrial Interchange/Hansen-Compatible

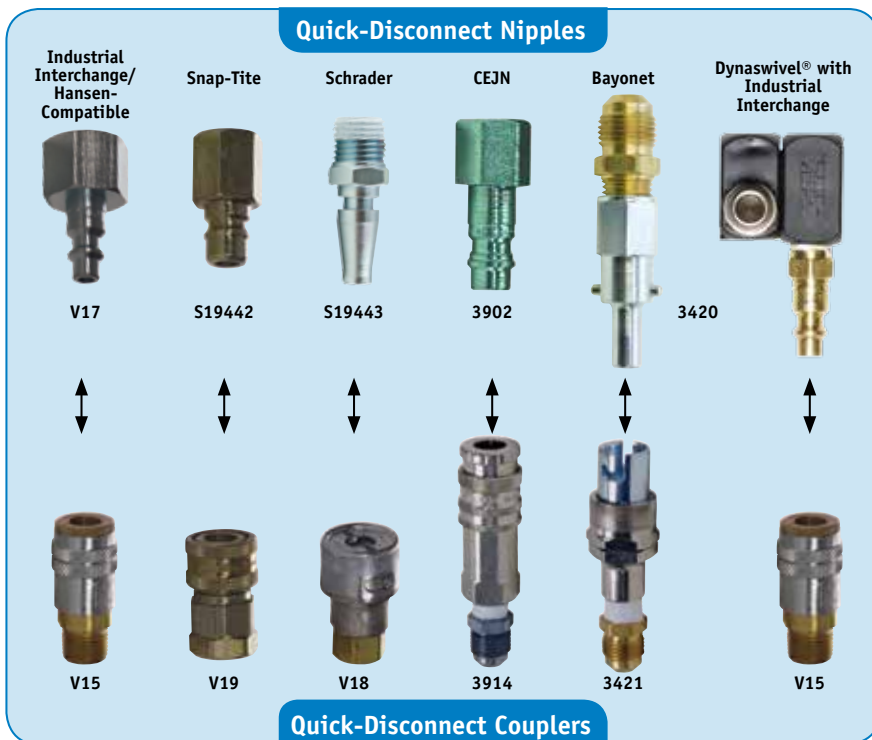

Snap-Tite - Also known as Foster; "short and stubby"

Schrader - Looks like a bullet; turn the sleeve to release

CEJN - Similar to Hansen; two hands must be used to disconnect

Bayonet - Long and skinny with pins on the side; no ball bearings to trap grit. Favorite of abrasive blasters

Dynaswivel® - Swivels in two axes to keep hose from kinking

V5 Series (3/8" I.D.)

For Use with Compressed Air

Not for use with Free Air Pumps. Includes quick-disconnect coupler and nipple. XXX Denotes Color, Red=RED, Blue=BLU, Black=BLK, Yellow=YLW.

Industrial Interchange Assemblies

V5KF2530XXX 25' Hose Assembly
V5KF5030XXX 50' Hose Assembly

Schrader Assemblies

V5KF2531XXX 25' Hose Assembly
V5KF5031XXX 50' Hose Assembly

Snap Tite Assemblies

V5KF2532XXX 25' Hose Assembly
V5KF5032XXX 50' Hose Assembly

Snap Tite Brass Assemblies

V5KF2533XXX 25' Hose Assembly
V5KF5033XXX 50' Hose Assembly

V10 Series (3/8" I.D.) For Use with Compressed Air

Not for use with Free Air Pumps. Starter Hoses (Include nipple on end and coupler on the other end). Industrial Interchange Assemblies (include coupler, V13 hose to pipe adapter, and V17 1/4" nipple).

4696 25' Starter Hose Assembly - Black
469650 50' Starter Hose Assembly - Black
4696100 100' Starter Hose Assembly - Black

Schrader Assemblies (include coupler, V13 hose to pipe adapter, and 1/4" nipple)

46913 25' Starter Hose Assembly - Black

Snap-Tite Assemblies (include coupler, V13 hose to pipe adapter, and 1/4" nipple)

46915 25' Starter Hose Assembly - Black
46916 25' Starter Hose Assembly - Green
46918 25' Starter Hose Assembly - Blue
46917 50' Starter Hose Assembly - Green
46919 50' Starter Hose Assembly - Blue

Extension Hoses (include V11 hose to hose adapter and V13 hose to pipe adaptor)

25' Assemblies

5454 25' Extension Hose - Black
54510 25' Extension Hose - Green
54514 25' Extension Hose - Blue

50' Assemblies

5457 50' Extension Hose - Black
54511 50' Extension Hose - Green
54513 50' Extension Hose - Blue

100' Assemblies

5458 100' Extension Hose - Black
54512 100' Extension Hose - Green

V10 Hose Adapters

V11 3/8" Hose to 3/8" Hose, Brass
V12 3/8" Hose to 1/4" Pipe, Brass
V13 3/8" Hose to 3/8" Pipe, Brass

V20 Series (1/2" I.D.) For Use with Free-Air Pumps

25' Assemblies

V2025ST 25' Starter Hose Assembly - Black, with Flow Through Coupler

50' Assemblies

V2050ST 50' Starter Hose Assembly - Black, with Flow Through Coupler

100' Assemblies

V20100ST 100' Starter Hose Assembly - Black, with Flow Through Coupler
