

Advent[®] A1 / A2

Bid Specs

Bid Summary: The Advent is designed for workers who need head protection where there is risk of lateral and overhead impacts, including those resulting from falls. At just 24 ounces, the Advent is half the weight of conventional firefighter helmets and ideal for specialized rescue operations.

Specific Features:

- Advanced, lateral impact and penetration protection from all directions - top, sides, front, and back. Meets ANSI/ISEA Z89.1-2014, Type II, Class E & G requirements.
- Unique 8-point Flex-Gear[®] ratchet suspension offers a comfortable fit.
- Suspension system and integral 2-point (Model A1) or 3-point (Model A2) quick-release chin strap provide a secure fit that will not slip during use.
- Replaceable brow pad and crown pad can easily be removed for cleaning.
- Traditional styling encourages worker acceptance.
- Accepts super-heavy duty Bullard R330 (4") and R325 (6") faceshields as well as the 300B and 300BW dielectric nylon brackets. Features accessory slots for use with faceshields, hearing protectors, and communication devices.
- Pad print capability in up to eight different locations on the hat - logos may have up to six colors per location.
- Two-year warranty. Bullard's reputation can be seen in the attention to detail on comfort and fit.
- Ventilation channels to help keep workers cool and comfortable.
- Vertical adjustments - two in rear and two in front - allow helmet to fit a wide variety of head shapes and sizes.
- Available in five standard colors: white, yellow, red, blue and orange.
- Goggle retaining slots on headband.
- Distinctive Three-Rib trademark.
- Made in the USA.

Advent™ A1 / A2
