

# Standard S51

## Bid Specs

**Bid Summary:** The S51 offers a low-profile shell design and is loaded with upgraded features and benefits. With its 4-point suspension system, users can choose from a pinlock or upgraded Flex-Gear® ratchet suspension with a pillowed cotton, super-absorbent, poly brow pad. The S51 is ideal for the construction and everyday work environments.

### Specific Features:

- Your choice of either the self-sizing 4-point pinlock suspension (RS4PP) or 4-point dielectric, Flex-Gear ratchet suspension (RS4RP). The upgraded suspension system provides a more comfortable, secure fit.
- Pinlock suspension – Incremental sizing of 1/16" hat size (5mm) makes a secure fit easy.
- Ratchet suspension – Ratchet suspensions can be adjusted between hat sizes 6 1/2" - 8".
- Replaceable poly brow pad is pillowed for maximum comfort. Velcro replacement brow pads are available in absorbent cotton, a cooling material, or a vinyl material.
- Rain trough provides extra protection against snow, rain, dust and dirt.
- Features accessory slots for attaching a variety of accessories such as earmuffs and face protection, including those of other manufacturers.
- Pad print capability in up to eight different locations on the hat – logos may have up to six colors per location.
- Two-year warranty. Bullard's reputation can be seen in the attention to detail on comfort and fit.
- Vertical height adjustment capability (two front, two rear) allow for a personal, secure fit.
- One of the lightest helmets of its class.
- Distinctive Three-Rib trademark.
- Made in the USA.
