Brilliant Headgear!

High-Visibility Colors:

The Bullard line of long-lasting, hi-visibility and fluorescent shell colors make workers more visible than ever. In choosing a color it is important to consider the work surroundings. Available in hi-viz orange, green and yellow, you can select the most appropriate contrasting color for the job site to ensure that workers get noticed. These true fluorescent colors are visible under a black light and provide the greatest visible color impact.

The Hi-Viz Yellow meets the additional ANSI/ISEA Z89.1-2009 non-mandatory high-visibility performance requirements.
